

BEST ADVERTISING CREATION

OLIVER SUTTON

The Suburban (Laval Edition)

Took first place in a very competitive category.
Engaging ... very pleasing to the eyes. Like the graphics.
It holds attention... good use of images, graphics, dramatic layout, well-written copy, and graphs that forward its goals.

ELENA MOLTER

The Laval News

Great use of graphics to illustrate advertiser's point.
Smart job covering what could otherwise be dry topics.
